

# PERFORMING ARTS CENTER FACTS

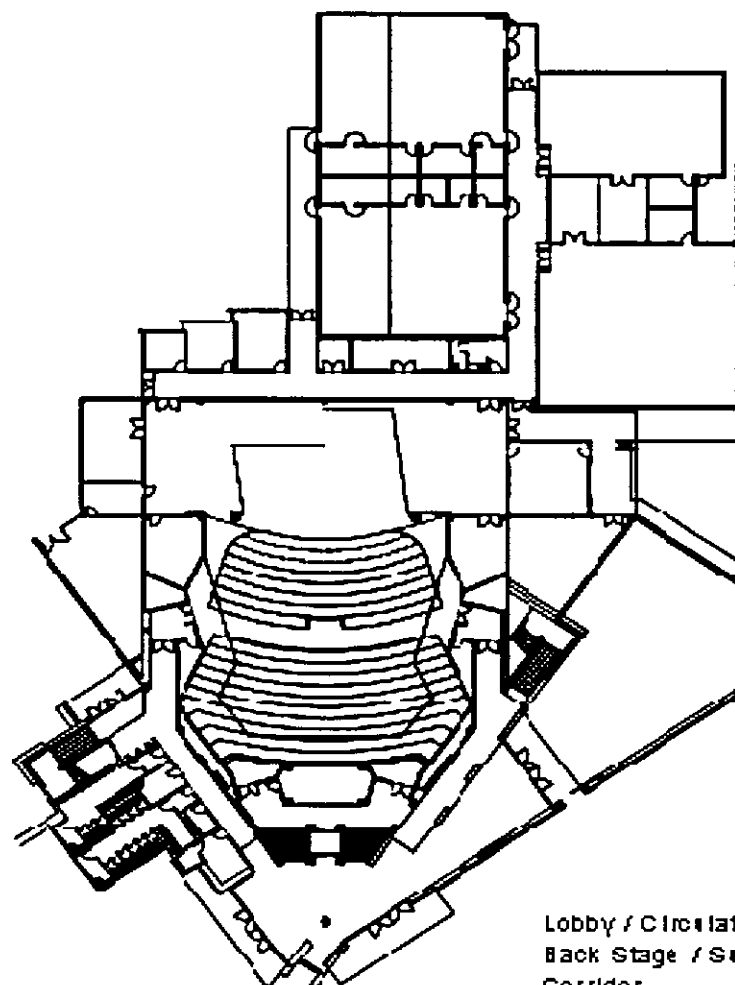

## Summary

The new auditorium at Kennedy High School will be a state-of-the-art facility to support AUHSD's strong instrumental and vocal music programs. It will provide a much needed large performance space on the western end of the district to supplement the Cook Auditorium which cannot meet all of AUHSD's need. The "theater house" will hold an audience of nearly 800 in its lower level and balcony seats. The stage will allow performances by up to 175 band members with instruments or 375 choral performers. Backstage spaces include expanded band and choir classrooms and practice rooms which function as dressing rooms, preparation rooms, etc. during performances.
